

A Dairy of Distinction - as of November 2020, Kreider Farms is only 1 of 4 **American Humane Certified™** dairies in the country. With only one dairy to operate, we can do it right! Carefully controlling diet and living accommodations keeps our pampered cows happy and healthy.

We milk our cows three times a day and chill the milk within minutes. Then, it's just a short ride across the field in our tank truck to our bottling plant. Kreider Farms delivery trucks whisk our farm fresh milk off to local supermarkets and wholesale distributors within just a few days.

Our premium ice cream starts with the freshest ingredients and attention to detail. Rich cream from our cows is used as a base and made in small batches to ensure quality. Plus, all of our ice cream flavors are hand-processed for that old-fashioned, hand-cranked goodness.

All of these extra steps have earned Kreider Farms an award for being a "Dairy of Distinction," and you'll taste our commitment to excellence in every sip and scoop! Truly farm fresh, Kreider Farms dairy is udderly delicious.

Kreider Farms dairy products are PA Preferred, Kosher and produced on our AHA Certified farm.

Kreider Farms milk is offered in a variety of sizes for all four milkfats in addition to several flavored options and cream products. We also offer a farm fresh Lactose Free milk that is not "UHT" (ultra-high temperature) processed like other options. Just like all of our milk, our Lactose Free line is produced here on our farm with the same quality and taste you've come to expect from Kreider Farms.

COME VISIT US!

Take the Kreider Farms farm tour and see how old-fashioned dedication to quality, harnessed with modern technology, produces an unbeatable team.

Our 90-minute farm tour offers a high-tech view of farming, including a drive down the middle of our Titanic-sized moo-ternity barn and a bird's eye view of our milking cow-rousel.

The tour starts at our Welcome Center in Manheim where guests enjoy an introductory video before boarding our Kreider trolley or Shuttle bus for a guided tour of the farm.

Plus, our Silo Observation tower is the only one like it in the world and you won't want to miss out! Climb to the 100ft high deck to watch the daily activities of a real farm while getting one of the best views of Lancaster County.
